

SATYAM KUSHWAHA

Full-Stack Software Engineer · React.js · Node.js · MongoDB

Noida, Uttar Pradesh, India | (+91) 96251 10686 | satyamkushwaha1101@gmail.com | [GitHub](#) | [LinkedIn](#)

PROFESSIONAL SUMMARY

Full-Stack Software Engineer with **4.5+ years** of professional experience building and operating production web applications end to end — **React.js** front ends, **Node.js / Express.js** back ends, **MongoDB** and SQL data layers — with hands-on **DevOps** ownership of AWS deployments, Docker, and GitHub Actions CI/CD pipelines. Most recently led a technical team scaling a SaaS platform to 50,000+ active users, alongside 1.5+ years of hands-on experience integrating LLMs and agentic AI workflows into production systems.

TECHNICAL SKILLS

Frontend (4.5+ yrs)	React.js, Next.js, Redux, Tailwind CSS, Material UI, Bootstrap
Backend (4.5+ yrs)	Node.js, Express.js, REST APIs, GraphQL, Socket.io, Microservices, Serverless Framework
Databases	MongoDB (schema design, aggregation pipelines, indexing), MySQL, PostgreSQL, Redis, Vector Databases
DevOps & Cloud	AWS (Lambda, S3, API Gateway), Docker, GitHub Actions CI/CD, Git, GitHub
Languages	JavaScript (ES6+), TypeScript, Python, C, C++
AI / LLM	OpenAI API, LangChain, RAG Pipelines, AI Agents, Prompt Engineering

WORK EXPERIENCE

Software Engineer (Technical Lead) — Swiirl Inc

Oct 2025 – Jul 2026

Remote, USA

- Led the tech team building a market-intelligence and brand-insight SaaS platform from scratch, scaling backend infrastructure to support **50,000+ active users**.
- Implemented automated Node.js + TypeScript delivery with **GitHub Actions CI/CD pipelines**, reducing release cycle times by 25%.
- Engineered advanced AI integrations and agentic workflows, including automated meeting bots that join client calls, generate comprehensive meeting reports, and analyze product potential.

Full Stack Developer — Eqaim Technology and Services Pvt. Ltd.

Mar 2023 – Sep 2025

Hyderabad, India

- Owned architecture, development, and client management end to end for **20+ scalable enterprise web projects** built with React.js, Next.js, Node.js, Express.js, and serverless architectures.
- Engineered high-performance production systems on **AWS with automated CI/CD pipelines**, cutting heavy database query execution times by 40%.
- Streamlined cloud and deployment workflows across multiple roles, slashing deployment and management overhead costs by 20% while accelerating delivery timelines.

Mohali, India

- Developed **10+ pixel-perfect, fully responsive** client-facing web applications using React.js, Tailwind CSS, and component-driven modular architectures.
- Designed and published secure, well-documented **RESTful APIs with Express.js and MongoDB**, with robust JWT authentication and role-based access control.
- Optimized **MongoDB aggregation pipelines** and MySQL query structures, improving system throughput and reducing server memory overhead by 30%.

PROJECTS

Social Networking App (our-batch) React.js · Node.js · MongoDB · Socket.io

- Built a high-concurrency real-time social networking platform on a **MongoDB** data layer, supporting instantaneous messaging across 1,000+ simultaneous virtual rooms.
- Integrated WebSockets and Socket.io event-driven listeners for live notification broadcasts, connection pooling, and online-state syncing with zero perceptible latency.

Smart E-Commerce Platform (AI Bazar) React.js · Node.js · Express.js · MySQL · OpenAI API

- Engineered a full-featured e-commerce application with semantic product discovery powered by natural-language search queries.
- Built an autonomous price-negotiation agent that dynamically generates optimized discount offers, boosting conversion likelihood by 20%.

Interview Practice Platform (ai-interviewer) React.js · Node.js · OpenAI API

- Developed an interactive AI agent that parses candidate resumes and job descriptions to dynamically synthesize 50+ situational technical interview questions, with an adaptive scoring engine giving instant, granular feedback.

CERTIFICATIONS & ACHIEVEMENTS

- Agentic AI Certification** — Oracle
- Web Developer Certification** — IBM
- React Native Certification** — Udemy
- Technical Mentorship** — NavGurukul (NGO)

EDUCATION

- Bachelor of Computer Applications (BCA)**
Indira Gandhi National Open University (IGNOU)
- Senior Secondary**
Jawahar Navodaya Vidyalaya (JNV)
